

The American Institute of Architects  
Continuing Education Systems  
AIA/CES Registered Provider Program Summary Handout

**Provider:** The Wagner Companies  
**Program #:** WAG102  
**Program:** **Contemporary Railing Systems**  
**Length:** 1 hour  
**Credits:** 1 LU hour HSW  
**HSW:** Yes

**Description:** This program will introduce the audience to Contemporary Design Options for Railing Systems – e.g. post mounted systems, cable railing, structural glass railing, and LED illuminated railings. The program will also address code and safety issues related to handrails and guard; and opportunities for sustainability and LEED credits.

**Learning Objectives:** After completion of this course participants will have a working knowledge of the following:

- Contemporary Railing Systems
  - Post Mounted Systems
  - Cable Railing
  - Structural Glass Railing
  - Adding Illumination
- Code and Safety Issues
  - Accessibility
  - Code Requirements
  - Structural and Testing Criteria
  - Sustainability and LEED

**How Taught:** The CES facilitator utilizes a PowerPoint or slide presentation to provide an overview of current issues related to handrail. It will be an interactive session that encourages feedback and questions.

**A/V Needs:** Electrical power and screen for the PowerPoint presentation. The CES facilitator will supply the laptop and projector.

**Target Audience:** Architects, specifiers, interior designers, owners and other design professionals. The ideal audience size can be 10-40 people. This program is basic and meets the needs of professionals at every experience level.

**Facilitator Qualifications:** All of The Wagner Companies' CES facilitators have been trained on CES guidelines and presentation skills. In addition, they receive continuous in-depth training in the field and are considered industry experts.

**Costs:** There is no cost to bring this program into your firm or chapter meeting.
